MEDITERRANEA COLLECTION

1. A hallmark of these artisan ceramic tiles is their cracked glaze, variations in shade and colour and some minor imperfections. For this reason, a single piece can never be considered as representative of the whole.
2. It is advisable to install pieces with care to prevent their surface from being scratched, especially during grouting.
3. The craquel effect may continue to develop during and after installation. It is also possible that pieces that do not exhibit a craquel effect at the outset may exhibit it later on.
4. These products are not recommended as coverings for kitchen countertops or other areas where household utensils (knives, forks, etc.) are used.
5. During the production process, pieces undergo random edge chipping in order to give them a much more handcrafted look. This feature is an aesthetic effect and should never be regarded as a technical defect.
6. Given their artisan nature, the pressed and hand-painted decorations may undergo slight variations in size and shade, which only adds to their aesthetic qualities and gives them a uniqueness that is hard to duplicate with machine-made pieces.

RETRO COLLECTION

1. It is advisable to install this carefully to prevent the surface of the parts from being scratched during installation, especially when sealing the joints.

2. These products are not recommended as coverings for kitchen countertops or other areas where household utensils (knives, forks, etc.) are used.
3. Given their artisan nature, the pressed and hand-painted decorations may undergo slight variations in size and shade, which only adds to their aesthetic qualities and gives them a uniqueness that is hard to duplicate with machine-made pieces.

BARI COLLECTION

1. It is advisable to install pieces with care to prevent their surface from being scratched, especially during grouting.
2. These products are not recommended as coverings for kitchen countertops or other areas where household utensils (knives, forks, etc.) are used.

SLATE COLLECTION

1. It is advisable to install this carefully to prevent the surface of the parts from being scratched during installation, especially when sealing the joints.
2. Clean well after grouting to prevent grout remains from being lodged in the relief patterns.
3. Ideal for kitchen countertops, barbecues etc.
